 - The City of Belvedere's current facilities and services included in the City of Belvedere sphere of influence are sufficient to provide those services to the area within the designated city sphere of influence.
- 3) The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.
 - The operating departments and public facilities of the City of Belvedere are adequate to provide service to the City's currently incorporated area and areas within its sphere of influence as amended.
- 4) The existence of any social or economic communities of interest in the area if the commission determines that they are relevant to the city.
